Century Edge Epoxy Tables

*available in any
wood specie and size*

*Shown in century edge 42" x 72"
maple with Almond stain and
solid black river and 10-sheen
with Mirage base in flat black*

1 3/4" top is standard

*Our Century Edge is a manufactured live edge,
made with a CNC machine, to provide an economy
friendly river table that looks outstanding.
Compatible with any of our metal bases.*

Epoxy

Our epoxy tables are manufactured with the highest quality resin on the market, to ensure that your table lasts a lifetime and preserves the beauty throughout it!

Typically we cover a table top with $\frac{1}{4}$ " to $\frac{3}{8}$ " of clear epoxy, and the bottom with $\frac{1}{8}$ " - this prevents our tables from warping and enhances the piece!

Standard Epoxy Table Edge:

$\frac{1}{4}$ " roundover

Epoxy Table Sheen Options:

Epoxy tables are offered in 10, 25, and 100-sheen finishes
