OUR BEGINNINGS

I, Joel Troyer, began in the furniture business as the manager of a manufacturing / warehouse in the year 2000. For the next 10 years I learned to love the furniture world and the people working in it; from wood shops to store owners. In 2018 we founded J. Troyer & Company to present fresh, innovative designs to the marketplace. We bring quality furniture and the expertise of local craftsmen to the world.

WORKMANSHIP

Family is the backbone of our community and businesses. With a combined 100+ years of experience, we as a team, work hard to ensure that quality workmanship and customer service remain our core vision. The team we have today is dedicated to working together to deliver beautiful, American-made, solid wood furniture. Our finishing begins with hand-wiped stains and ends with a state-of-the-art finish booth, giving your furniture the highest quality finish possible.

QUALITY IS IN THE DETAILS

At J. Troyer and Co., we believe that exceptional furniture begins with the finest details. That’s why we offer a range of customizable options to ensure each piece reflects your unique style and lasts for generations. From premium wood species to rich stains, luxurious upholstery, and precision-crafted hardware, every element is thoughtfully curated for quality and durability. Our commitment to craftsmanship allows you to create furniture that’s not only beautiful but also tailored to meet your specific needs and tastes.

WOOD SPECIES

We’ve selected some of the finest wood species to offer a blend of unmatched quality and timeless appeal. Each wood is carefully chosen for its strength, durability, and aesthetic beauty, ensuring that every piece of furniture reflects the best nature has to offer.

STAINS

Whether you’re looking for a rich, bold hue or a subtle, refined tone, our stain choices offer the perfect balance of color, protection, and durability. Each stain enhances the natural beauty of the wood grain, adding depth and character to every piece, so your furniture will stand out while withstanding the test of time.

UPHOLSTERY

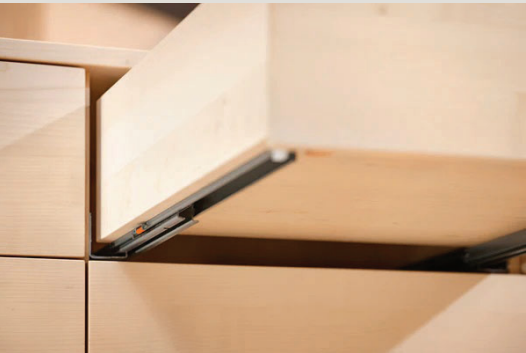

We partner with Heartland Fabrics; a trusted name in premium upholstery materials. Their wide selection of fabrics, textures, and patterns allows us to offer endless customization options for our bedroom furniture and ensure that your upholstered pieces are as durable as they are beautiful.

Our case goods, including dressers and chest of drawers, are designed with strict adherence to the STURDY Act, ensuring that each piece meets rigorous safety standards to prevent tipping hazards. To comply, we test each model according to the act’s specific guidelines to confirm the stability of our furniture. We incorporate a ¾-inch backing and ¾ extension slides, adding durability and stability to each unit. These features ensure that our furniture remains grounded, minimizing the risk of accidental tipping.

In addition, we strategically add extra weight to each piece when necessary, enabling them to meet the anti-tipping thresholds set by the STURDY Act. To further support safety in the home, each unit comes with a warning label and anti-tip hardware on the back, designed to be easily secured to the wall. This attention to safety not only enhances our products but also provides peace of mind to our customers who can trust in our dedication to creating compliant, family-safe furniture.
