

A solid wood dining table set in a modern interior. The table is rectangular with a thick top and a robust X-shaped base. It is surrounded by four wooden chairs with X-backs and a matching wooden bench on the left side. The table is set with a vase of dried flowers, a glass, and a small candle. The background features a large window with a black frame, a fireplace, and a piece of abstract art.

MODERN DESIGNS - MADE IN THE USA

BEGINNINGS

I, Joel Troyer, began in the furniture business as the manager of a manufacturing / warehouse in the year 2000. For the next 10 years I learned to love the furniture world and the people working in it; from wood shops to store owners. In 2018 we founded J. Troyer & Company to present fresh, innovative designs to the marketplace. We bring quality furniture and the expertise of local craftsmen to the world.

WORKMANSHIP

With a combined 100+ years of experience we, as a team, work hard to ensure that quality workmanship and customer service remain our core vision. Family is the backbone of our community and businesses. The team we have today is dedicated to working together to deliver beautiful, American-made, solid wood furniture.
