Vienna Swivel Glider

POLY OUTDOOR FURNITURE

- Heat formed and bent for ultimate lumbar support.
- Chiropractor tested and approved.
- Poly glider arms for additional sturdiness/strength.
- Upgraded glider hardware for longer travel and smooth, quiet glide.
- Clean, rounded design - no visible screws or extra parts.
- E & B swivel is standard, making every rotation smooth.
- Glider base is recessed and won't hit your calves.
- Comfortable seating includes a rounded front edge and added middle brace for customers of every shape and size without sagging.
- CNC routed parts for consistency.
- 20 year residential warranty on poly wood.
